

Box plot showing the distribution of 'Number of children' for two categories: 'No' and 'Yes'. The y-axis represents the 'Number of children' (0 to 20). The x-axis shows the categories 'No' and 'Yes'.

Legend:

- Individual Data Points (Grey dots)
- Optimal Threshold: 12.74 (Dashed line)
- MC Median (95% CI) (Box plot)

The 'No' group has a median around 10, while the 'Yes' group has a median around 15. The optimal threshold is marked at 12.74.

Healthy (N=11)
